Member Business Meeting

August 16, 2023, 11:00 a.m. - 12:00 p.m.

Welcome & Meeting Overview

Josh Dean, CEA Executive Director

CEA Antitrust Statement

The purpose of the CEA is to explore avenues of mutual interest and cooperation in building energy policy. It is important to recognize that these activities are subject to certain legal limits imposed by state and federal antitrust laws. One central concern of these laws is with combinations or agreements in restraint of trade whereby competition is reduced by design. In the course of all CEA activities, discussions among members involving pricing, sale terms, territories, production or other aspects of competition, must be avoided. In the event any member ever feels that the course of Alliance activities or statements or actions in Alliance meetings is headed into such an area, members should raise the issue immediately so that further discussion of such matters can be suspended pending receipt of advice satisfactory to the members that the topics addressed do not give rise to antitrust problems.

CEA Strategic Plan Updates

Josh Dean and Board of Directors

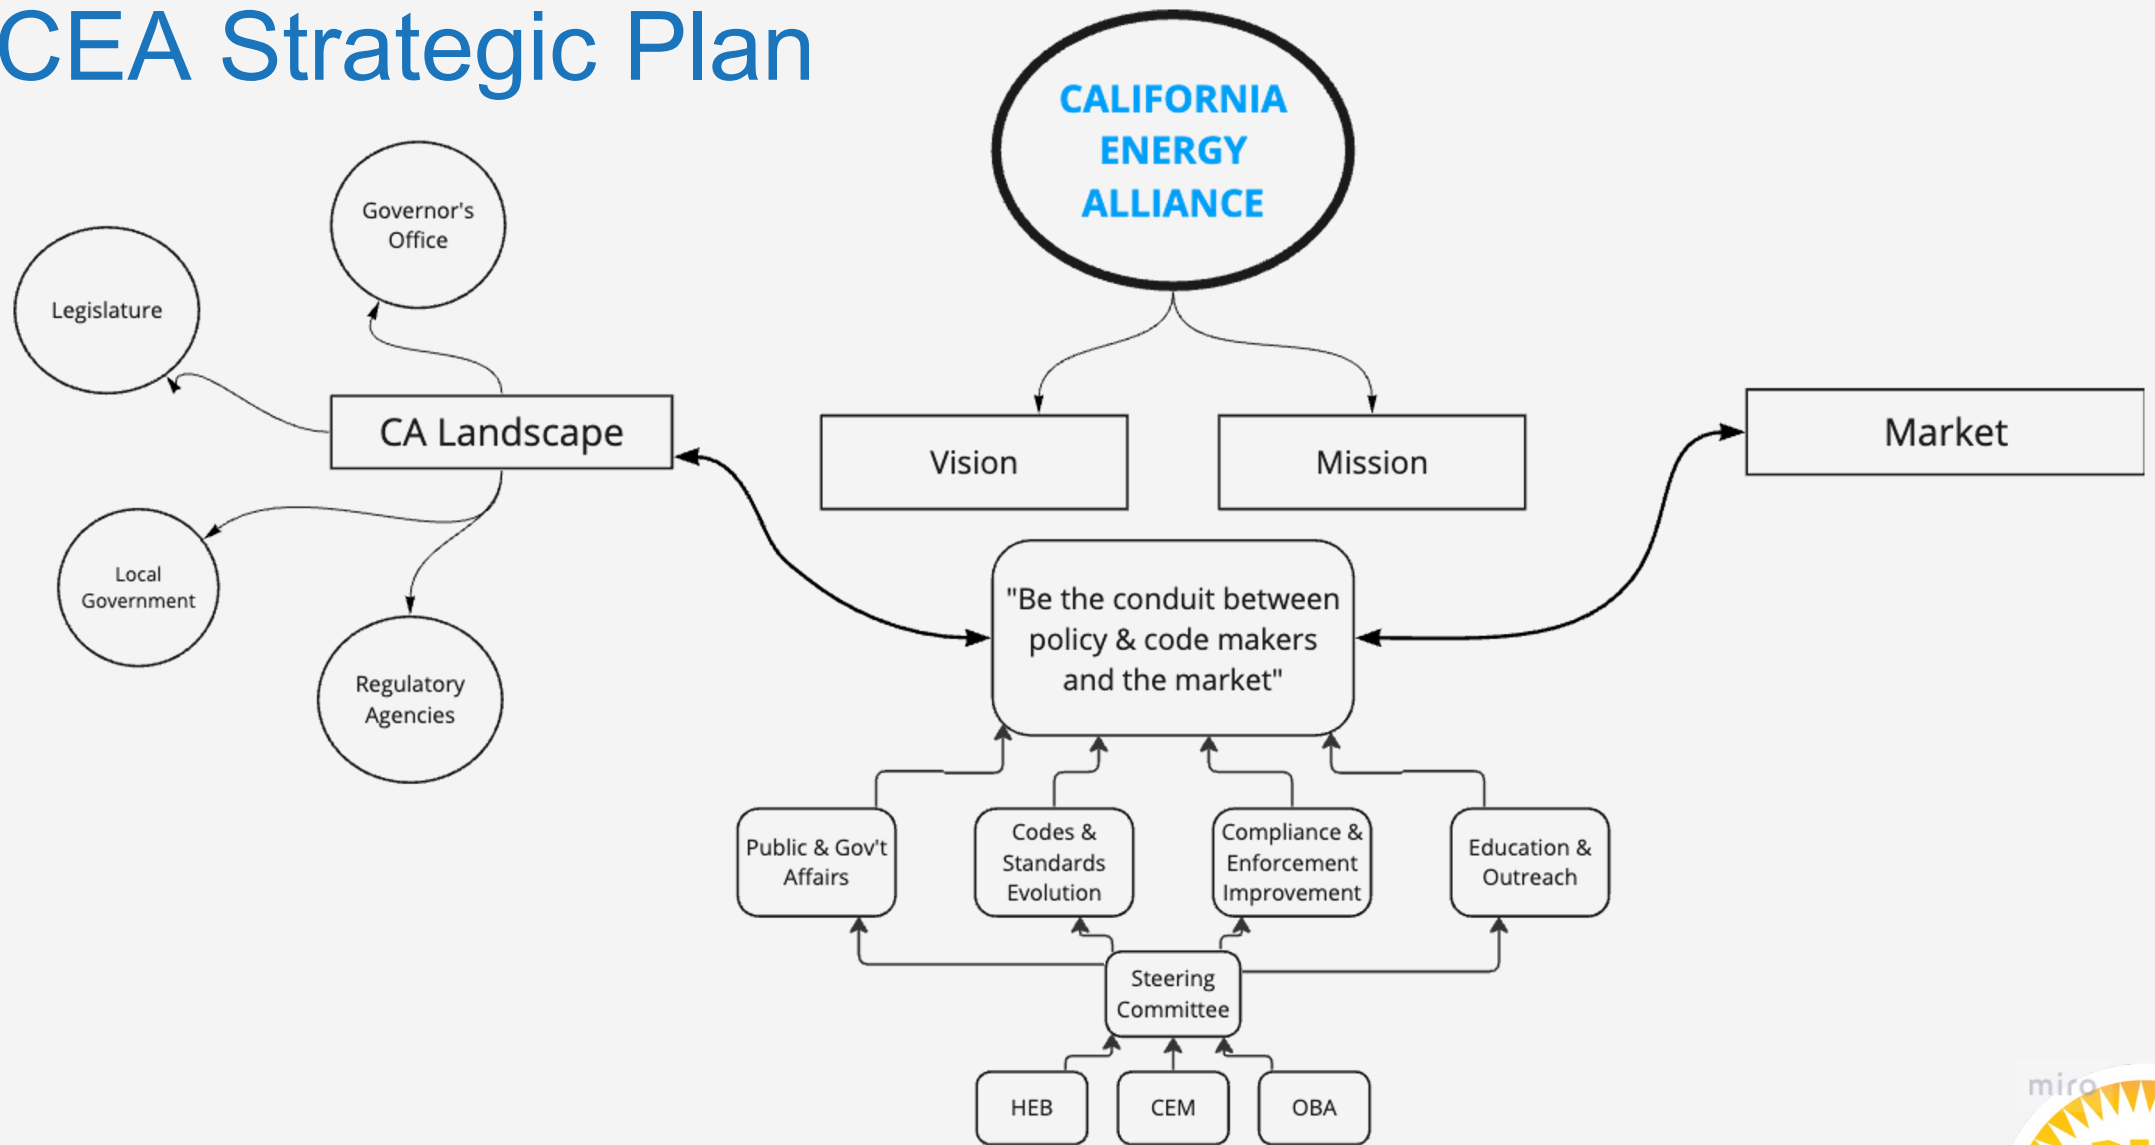

CEA Strategic Plan

- "Building California's Future: Outcome-Based Energy Policies for a Sustainable Tomorrow"
 - To advocate for and implement outcome-based energy policies in CA that prioritize measurable environmental results, drive sustainable innovation, and promote a decarbonized economy.
 - Align new construction energy codes with existing building performance standards
 - Public awareness/education - develop common terminology and strategy
 - Research what is/isn't working in the current system - identify the gaps, hurdles, and solutions
 - Develop CEA strategy, the involved groups (Steering Committee, Working Groups, and how they interact w/ Initiatives)
 - Activities of Working Groups will be supporting & furthering the Initiatives by developing and then working on tasks that provide input, develop relationships, do research, work to remove barriers, write comments, etc. to push forward our initiatives.
